Samples sent to order, with certificates from A. A. HAYES, Assayer to the State of Massachusetts, also of Committee on Science and the Arts of the Franklin Institute, Philadelphia, and of those who have used and are using the Fastening.

[Copy of a Letter.]
BALTIMORE, Jan. 8, 1856.

Messrs. C. & J. Marshall—Gentlemen: At the request of your Agent in Baltimore, in regard to our opinion and experience of your copper coated spikes, we, without hesitation, say we believe them the best substitute for copper yet introduced, and better fastening for ships, inasmuch as you have the strength of iron with the preservative qualities of copper.

We have used some of your Spikes in old vessels as a substitute for copper, and have had occasion to draw them out a year afterwards, and found them with the coating as firm as when they were driven, and with no appearance of oxidation.
Very respectfully yours,
(Signed) JOHN D. FARDY & BRO.

Singer's Sewing Machines.
ALL PERSONS who desire to obtain full and reliable information respecting SINGER'S SEWING MACHINES—their price, capabilities, advantages, sizes, improvements, method of working, means of procuring them, and all other particulars—can do so by applying at our office,
No. 323 Broadway, New York,
by letter or in person—for
I. M. SINGER & CO'S GAZETTE.

This paper is devoted entirely to the Sewing Machine interest. Copies will be supplied gratis to all interested.

N. B.—The unparalleled success of our Sewing Machines has induced several fraudulent imitations of them, besides numerous infringements of our patents—of which we own sixteen. Suits for the infringement of our patents have recently been decided in our favor in the U. S. Circuit Courts in New York and New Jersey. In these suits the great principle of *Holding down the Fabric to be Sewed to the Surface of the Machine, by a yielding pressure*, which is used in all Sewing Machines—has been fully established. The Wheeler & Wilson, and the Grover & Baker Sewing Machines we allege each infringe three distinct patents owned by us. We have suits against them in several of the U. S. Courts, which will soon be tried. We hereby caution the public not to buy any infringing Machines, as they can be compelled by law to stop using them and to pay costs and damages.

Local Agents wanted to make sales of our improved sewing machines. To persons properly qualified for the business, a rare opportunity for profitable and pleasant employment is offered.

New and improved machines exchanged on liberal terms for old machines of every kind.

OFFICE of the Commissioner of Lotteries.—*Baltimore, April 18, 1856.* The undersigned, Commissioner of Lotteries of the State of Maryland, being in receipt daily of letters from various portions of the country, making inquiry as to Lottery Schemes with which the country is flooded, and which purport to be "*decided by the Drawings of the Maryland Consolidated Lotteries*," takes this method to answer all such letters of inquiry, and inform the public that *all Lotteries purporting to be decided by the Maryland Drawings are Gross Frauds*; that certain parties who style themselves Morris & Co., and pretend to be Managers or Sole Agents for the Grand Charter Lotteries at Cleveland, Ohio, are impostors, and said Lottery a fraud, having neither legal or presumptive existence, and that another fictitious firm, styled Murry & Co., Cleveland, Ohio, are also impostors and all Lotteries which they profess to be managers or agents for, are also frauds.

RICHARD FRANCE, of this city, is the Contractor for drawing the Maryland Lotteries. The business is conducted under the firm of R. France & Co., as Managers, and they have no sole agents in the city of Baltimore. There are, however, some forty licensed venders for the State of Maryland, who derive license under him through this office, to sell tickets in the Maryland Lotteries.

The Great European Cough Remedy.
Important to the Consumptive and the Public generally. The celebrated
Universal Cough Mixture
IS a safe and effectual Remedy for Coughs of every description, whether of children or adults, of recent or long standing.
PREPARED ONLY BY
WALTER CLARKE,
Sole Proprietor, Cornishville, Maine.

Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and everywhere its extraordinary power in relieving and curing diseases of the Chest and Lungs, is gratefully acknowledged, and especially in cases of obstinate and long standing Coughs, it speedily allays the unpleasant sensation in the throat which excites coughing, promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently enables the sufferers to enjoy natural and refreshing sleep, who for weeks had been deprived of that blessing.

Sold in trial bottles, 25 cents each; large bottles, each containing the quantity of four small ones, 75 cents each.

Extract of a letter from Daniel Adams, Esq., of Bowdoinham, Maine.
FEBRUARY, 17th, 1853.
To Rev. Walter Clark: Dear Sir—The bottle of Cough Mixture which I bought of you at Topsham had the desired effect on my wife. She had been afflicted with a cough for ... years—that bottle entirely removed it.

From Rev. Jesse Hoyt, Lewiston Falls.
Bro. Clark: Every bottle of the Universal Cough Mixture which I ... with me, is sold—and I have several applications for more. As far as heard from all have been perfectly satisfied with the medicine. One man who had a cough of long standing, attended with tightness of the chest and ... of breath so that he was laid aside from business, purchased one large bottle, and before he had taken two-thirds of it, was perfectly cured and has had no cough since. He says it is the best medicine in the world, and cannot be recommended too highly.
JESSE HAYES.

From Mr. Fletcher Chick, agent for North Dixmont, Maine.
Dear Sir—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place. Several who had a cough of a year's standing, and others who have been doctored six months without receiving ... benefit have been speedily cured by the Universal Cough Mixture.

From Mrs. Hubbard, Thorndike, Me.
FEBRUARY 1, 1854.
To Rev. Walter Clark: Dear Sir—This certifies that I have used ... bottle of your Universal Cough Mixture for a distressing cough and soreness in the lungs. I had previously taken several kinds of medicine and had been under the care of several physicians, without obtaining the least relief ... your Universal Cough Mixture, was recommended ... ARNOLD'S COMBINED

FOOT-STOVE, LANTERN,
....AND....
NURSE-LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather; and will be found to be an indispensable article in traveling. It is heated by an oil, alcohol, or fluid lamp, the flame of which is protected from every external object.

As a LANTERN, it answers all the usual purposes, and is less likely to be overset or get broken, and can be used as a house lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, beside giving the light desired, and for cooking in small quantities. For making tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat iron heat in the same length of time.

In fact, the various purposes to which this neat apparatus can be put may be readily conjectured by every one. No further description is required, as no one can misunderstand its general utility. To say any thing more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves.

For sale, wholesale and retail, at
No's 15, 17 and 19 Central Street, Bangor.

Allied Ointment.
Mr. C. H. KENT,
Dear Sir—I have been troubled for fifteen years with eruptions and biles on my face. I tried various remedies until I was disgusted at the sight of medicine. By your recommendation I was induced to make a trial of the celebrated *Allied Ointment.* It has more than answered my expectation. My face is now perfectly smooth and free from all eruptions. I am fully convinced of its merits, believing it will do all you claim for it, if used according to the directions.

The Bangor *Democrat* meets the recent outrages in Congress, by offsetting the Ellsworth mob of last year, against the assault upon Senator Sumner; and the attempted rescue of the slave Sims in Boston, (in which the policeman Batchelder was killed) against the murder of the Irish waiter by Herbert, whom it allows to be a *respectable* Congress man. It also places the burning of a Catholic church in Bath by a mob whose ringleaders were prosecuted, as an offset to the sacking and burning of part of the city of Lawrence by pro-slavery ruffians, against whose violence the U. S. troops were *not allowed* to protect the people.

The Democrat faintly says that Sumner was brutally beaten, and hopes his assailant will be "suitably punished", (it does not say he should be expelled,) but sneers at the overwhelming indignation manifested by all classes of the Northern people, in the following style.

The horses of the opposition are loose and playing mad pranks, and they will do well to use the rein lest some mischief should happen to them. It would be well for them to take hold of the bridle, grasp the reins with a steady hand, and make less wild shrieks and hideous noises, which only disturb their own animals. Decidedly, the opposition political jockies had better "hold their horses."

In giving the Kansas news it places the blame mostly upon the shoulders of the free State men of Lawrence, and says nothing of the cannonading by Jones a posse of ruffians, or of their pillaging the houses of the inhabitants.

The tone in which the democratic organs speak of the outrages which have thrilled the northern people with indignation, entirely justifies us in placing the responsibility of them upon the "National" democratic party, and their votes in Congress go to sustain the same view

---

Congress will probably transact no important business until after the National Conventions are over. Many of the democratic members have gone to Cincinnati, and some of the other members are visiting their constituents to consult in relation to the recent outrages in Congress and in Kansas. The investigating committee of the House reported a resolution for expelling the ruffian Brooks, and there is no doubt but every Republican member will support it with all his strength and influence; but as it requires a two-thirds vote, we fear it cannot obtain a passage. If defeated, the next movement will be to place the cowardly villain under the charge of the Sergeant-at-Arms for the remainder of the session, and as this requires but a majority vote, it may be carried—although the Republicans have not a majority of the House. The people of the North, independent of the democratic party leaders, are unanimous in their demand for expulsion. An almost universal expression of opinion is given for this last measure in vindication of the rights of free speech and of personal immunity from violence on the part of our National representatives.

The details by mail of the recent outrages in Kansas, all go to show the complicity of the Federal authorities in the sacking of Lawrence and the disarming of the people, and its responsibility for the many murders which have been committed by the desperadoes of slavery. We can find only room to add a few significant items from a Lawrence correspondent

The town was completely *sacked* by the Executive's lawless mob. They destroyed both printing offices, and threw most of the materials into the Kansas River. So you will receive no more papers from that town at present. *Every house was broken into, every trunk torn open, money, clothes*, books, keepsakes, provisions, all taken away or scattered through the streets.—Remember this point, *it was all done in the name of the government*, as they claimed to be searching for Sharp's rifles. Worse, even, the printing offices had previously been declared nuisances, and *authority had been given the mob*, by the now immortal Judge Lecompte, to remove them.

A free state man was in conversation with Governor Shannon to-day, upon the impropriety of tearing down our buildings, throwing presses in the river, &c., when our friend remarked that if he permitted such outrages it would end in nothing but civil war, at which the Governor seemed very much *riled*, and rose suddenly from his chair, and as he was going out, said, "Civil war it is then, by G—d." This whole thing needs no interpretation now for shannon heads the mob, and the President stands behind his back. Of course we must submit to the Federal authorities and let them murder us and tear down our houses if they want to, for it is all according to law. What more shall we bear? But then the thought of our weakness, want of money and arms, stifles all courage. We have enough of our friends have penetrated the net-work of administration posts ce abl ated around us, to feel our story faithfully in the bordering States; and that before we are all slain, by virtue of the Marshal's *posse*, thousands of bold spirits from the Free States will swarm in upon us, and establish the millennium of Kansas.

We hope this appeal will be answered

Gov Shannon, when applied to to stop the outrages committed on the people, and offer made to deliver up the arms to U S troops if a company could be stationed to protect the place, refused to give an immediate answer.

On the morning following he said to Mr. Eldridge that he believed a civil war inevitable? that the only terms the *South Carolinaship* would consent to were—the surrender of all arms in Lawrence and the destruction of the printing offices and other *objectionable* buildings!

After drawing blood some robberies and finding not much resistance on the part of the whites, the natives were much emboldened and killed and robbed all they could. I tried to escape but found myself surrounded by the natives with knives, and away I ran trusting to luck, rather than stop in the depot. About half past 8 I went to the depot. All of the doors but one saw no chance for escape, so I decided to go into the building when I received a blow from a gun which shot out the side of my head, but did not touch my head. In the office and three of us secreted ourselves under the stairs in a small closet. There we concluded to await our fate, as further resistance was useless. We were fighting against a great odds. Then commenced a systematic robbery upon the depot and office. The balls were flying thick and fast around us. Finally they discovered our hiding place and with a yell at us. I made a rush under and between the legs (it was running the gauntlet for life) passed through the office door and turned to the car-house. In the door I received all my wounds. I could not open my eyes to see if I did, but I could appear that they thought time I was perfectly conscious of all that was going on, and was only waiting a chance to get up and run. But I had lost a great quantity of blood, and began to feel faint. My face covered with blood, which deceived them when they felt my pockets, and all my pockets, in the belt, discovered nothing on the person feeling to see if I had a belt, discovered warm. Then commenced a dispute. One said no. They left me, one candle to my eyes, felt my pulse and breast. I could not quite decide. One of the natives picked his pistol to shoot me, but the other dead man, and it.

This all occurred less time than it takes to tell it, and I understood enough of their language (which is Spanish) to know what they were talking about. When they left me, I must have fainted, as the noise had ceased a little, and I did not know more until I heard American voices, which proved to be Dr. Riley of this ship, Dr. Oris of the Philadelphia, and Dr. Warrington of the Philadelphia. The Panama Massacre.

Joseph M. Parker of this city, who was included in the massacre at Panama, has written to his father, and to Col. Israel descriptive of the scene, and of sufferings and escape. We are permitted to make the following extracts:

J. L. STEVENS, SACRAMENTO, } MONDAY, April 28th 1856. }

A few lines from Panama after I was aboard the steamer, to let you know which I hope you received. Yesterday very fast and to-day—fast indeed, I can walk alone, and began to feel myself. I was cut with a sabre or the back part of the right side of the skull and opened which fractured the skull and opened about three inches in length, also three bones wound in the right hip near the which grazed the bone, also a slight cut on the one between the shoulders and several on my legs and arms. I have been very weak and unable to walk without assistance within the last two days. The doctor says I did not think I could live through the night. The doctor has been very kind to me, as also have all the passengers, particularly my room waters Capt mate and brother from Bucksport, Mr. D. J. Pierce and Mr. Gilman. The wounded on board ship are all getting along finely. There were several persons left at Panama, C were badly wounded, and as near as we can calculate there are some forty or fifty killed. was robbed of my watch, money, memoranda book, keys, and, in fact, every thing I had on me, even to my boots, which I took off my feet.

That was right long to be remembered by me, and I wonder is, how I escaped with my life. I as well give you a description of it as near as I am capable. We arrived at Aspinwall morning of 15th April, embarked our passengers, mails &c., and at 2 10 P. M. started for Panama. The Railroad was in fine order, the cars very comfortable, and we were but two hours and forty minutes in crossing, and tickets office is outside the depot, we were obliged to remain on board until 5 O'clock P. M. on account of the tide, and the small steamer that conveys the passengers to the steamship was aground, and all had to have our tickets registered at the office before we could get on board. In company with some friends I went to the Aspinwall House inside the walls. Our baggage there. I took the tickets for us, and went to the office to have them registered. There being a great crowd there, we were obliged to form a line and wait our turn from the head. It was then about 5 o'clock. Some persons came rushing into the depot and informed us that there was a fight outside, that the natives were attacking a house, and that they had driven a drunken native into the building in which we were. Soon the shots were directed as created, and all was excitement. It seems that one of the passengers got into a difficulty about some fruit, and the native drew a knife, and

FALL RIVER, Feb 6

This is to certify that I have been troubled for the last six years with humors, which broke out on my head, breast, and limbs, forming a complete sore, attended with a very pain, equal to piles, and have made use of many different medicines during the time, receiving no benefit from any, but for the last six months have been growing worse, and had given up all hopes of ever being any better, but fortunately about one month ago I was induced to make a trial of the Alleed Ointment, which applied to the parts affected made a healing sensation while drawing the humor out, which made it seem worse for a few days, but in the short space of three weeks by making a continued application according to directions, I am entirely free from all sores, it having effected a real cure, and I would most cordially recommend it to the afflicted, as being a safe and speedy remedy.

St Louis, June 2.

We have the following from Leavenworth under date of May 28th — All excitement in the Westport News headed War" is resolved this day this morning, and the people very men into great excitement Bodies of private mustering, and appointed a committee of Vigilance to attack Leavenworth Free State man pass, and determined to make lawless arrests of obnoxious parties Every of men armed with muskets and revolvers (United States arms) have been parading all the afternoon, making arrests they pleased. A clerk of Commission of Conciliation Conway, and two witnesses the case, have been postponed. Messrs. Parrott and Moore, Warren and Wilkes, of South Carolina headed the party A Moore, one of the murderers of Brooks, helped to make the arrests Messrs. Moore and Parrott were arrested conforming with Mr. Sherman's request, if it was by legal process they had taken before the Clerks of the Commissioners Mr Wilkes said it was not, that he had no legal authority, but that he would arrest the men down to his fort. Many others have been taken Lawrence is excited, and the Commission fear they must leave Alarming extras are from Westport to the border towns A Missourian, named Clark pro-slavery man tried to drive a Free State man into a creek, but the rescuing party go there him and were about to hang him, when neighbors came to the rescue and shot some the pro-slavery party A civil war is inevitable.

Another despatch to the Democrat dated Topeka 26th, says—The United States District Court has adjourned till the second Monday in Sept, Judge Lecompte refused to admit Messrs Robinson, Smith, Bleetzer, Brown and Jenkins to bail, and they will be held as prisoners by the Marshal.

It is estimated that the loss sustained by citizens of Lawrence by the recent attack amount to $100,000

Mr. Parrott, a lawyer from Kansas, has arrived at Leavenworth He informs that was arrested on Wednesday by a party of 20 men bearing United States muskets.

Col. Wilkes had a list of the principal persons whom he intended to arrest. He had already made three arrests. It was stated that the whole territory would be placed under military surveillance.

The Republicans publishes an extra of Kansas Herald of the 28th ult which confirms the report previously telegraphed to the number of the pro-slavery men in Pawsow Creek by a party of Free State men. Two of the latter were most horribly mutilated. In one instance, after their throats had been cut, the legs had been chopped off In no other instance were they cut up but All the Free State families at Hickory point were driven off at the point of the bayonet and their houses and property stolen by the Free State men.

We suppose this story will be thrown aside as another of the ridiculous lies, got up as an excuse for further violence The free State men may have killed some of the ruffians, as we hope they have—but we don't believe the embellishments of the story)

A motion to give gallery tickets to outsiders was rejected

The motion to admit the District of Columbia Delegates on the floor was again renewed

Mr. Bauden of Indiana protested against admitting more than two delegates from the District of Columbia The object of taking the Convention from Baltimore was to get clear of Congressional influence He was opposed also to admitting delegates from the District to the galleries without submit

Mr. Pettit of Indiana, was opposed to all humbug to fill the galleries with ladies but would certainly rather prefer to see them filled with bange wearing pantaloons than with ladies wearing petticoats The President decided the motion to lay on the table lost, when the call of States was demanded The result was ayes 169, nays 91, so the motion prevailed

A long and warm debate followed on the admission of outsiders, and several resolutions having that object in view were introduced amidst the most dire confusion

From Kansas.

St Louis, June 2, 1856.

We have the following from Leavenworth
under date of May 28th:—An exciting excite
at the Westport News, headed War! War!!
roused the city this morning, and threw the
pro-slavery men into great excitement. They
held a private meeting, and appointed a Com-
mittee of Vigilance to attack Leavenworth and
drive Free State men pass, and determined to
make lawless arrests of obnoxious parties. A
number of men armed with muskets and bay-
onets (United States arms) have been parading
all the afternoon, making arrests, they took
possession of the office of Commissioners of Congress,
seized Conway, and two witnesses that had
been subpoened, Messrs. Parratt and Miles—
Messrs Stevenson and Wilkes, of South Carolina,
headed the party. A Mr Moore, one of the mur-
derers of Brown, helped to make the arrests.—
Messrs Moore and Parrott were arrested while
canvassing with Mr Sherman. Mr. S asked
what was by legal process they had taken one
of the Clerks of the Commission. Mr. Wilkes
said it was not; that he had no legal authori-
ty, but that he would arrest the men down on
the list. Many others have been taken. The
town is excited, and the Commission fear that
the worst may leave. Alarming extras are sent
from Westport to the border towns. A fight
is expected towards Passowaio Creek. Some
pro-slavery men tried to drive a Free State man
across the creek, but he refusing to go, they took
him and were about to hang him, when his
neighbors came to the rescue and shot some of
the pro slavery party. A civil war is inevita-
ble.

Another despatch to the Democrat, dated at
Topeka 25th, says—The United States District
Court has adjourned till the second Monday in
Sep. Judge Lecompte refused to admit Messrs
Robinson, Smith, Dexter, Brown and Jenkins
to bail, and they will be held prisoners of the
Marshal.

It is estimated that the loss sustained by the
citizens of Lawrence by the recent attack will
amount to $400,000.

Mr Parrott, a lawyer from Kansas, has just
arrived at Leavenworth. He informs that he
was arrested on Wednesday last by a party of
20 men bearing United States muskets.

Col. Wilkes had a list of the principal citi-
zens whom he intended to arrest. He had al-
ready made three arrests. It was stated that
the whole territory would be placed under
martary surveillance.

The Republican publishes an extra of the
Kansas Herald of the 28th ult., which confirms
the report previously telegraphed, of the murder
of the pro-slavery men on Passowato
Creek by a party of Free Statesmen. The vic-
tims were most horribly mutilated. In some
instances, after their throats had been cut, their
eyes had been chopped off—also their arms and
legs were gouged out. At the pro-slavery
claims at Hickory point were driven off at the
point of the bayonet and their horses and pro-
perty taken by the Free State men.

We suppose this story, like the sham assas-
sination of the redoubtable James, is got up as
an excuse for further violence. The free States
men may have killed some of the ruffians, and
we hope they have—but we don't believe in
the embellishments of the story.

Republican State Convention.

MONTPELIER, June 3, 1856.

The Republican State Convention, to appoint
Delegates at Large to the National Convention,
was held at this place to-day. Hon. Levi Un-

high standing, presiding. The following dele-
gates were elected:—Hon H Hall, E. Cart-
penter, Erastus Fairbanks, Wm Skinner, Law-
rence Brainard and Levi Underwood. Substi-
tutes—Hon Geo T Hodges, D P. Thompson,

ing the recent outrages, were unanimously
adopted. Every County in the State except
one was represented.

ent. The nomination of Fillmore was repudi-
ated by a vote of 61 to 20.

CINCINNATI, June 3

A motion to admit the delegates from the
District of Columbia to the floor, after debate
was laid on the table. It was then announced
amidst great rejoicing that the democrats had
elected their candidates for Mayor and Coun-
cilmen in Washington City.

kingum question admitting the anti Benton dele-
gates. The report was received with cheers
and adopted. It was announced that the Com-
mittee were engaged on the New York case and
would report as soon as possible. The com-
mittee is allowed to sit during the session of
the Convention.

A motion to give gallery tickets to outsiders
was rejected.

The motion to admit the District of Colum-
bia Delegates on the floor was again renewed.
Mr Bauden of Indiana protested against ad-
mitting more than two delegates from the Dis-
trict of Columbia. The object of taking the
Convention from Baltimore was to get clear
of Congressional influence. He was opposed
also to admitting delegates from the District to
seats herein without a limit.

Mr Pettit of Indiana, also opposed all mo-
tions to fill the galleries with ladies but would
rather see them filled with
beings wearing pantaloons, than with beings
wearing petticoats. The President declared the
motion to lay on the table lost, when a call by
States was demanded. The result was, ayes
123 nays 91 so the motion prevailed.

A long and warm debate followed on the ad-
mission of outsiders, and several resolutions
having that object in view were tabled amidst
the most dire confusion.

The Com of Arrangements was authorized
to appoint a sergeant-at-arms and two assis-
tants.

An invitation was extended to the Conven-
tion to call on the Horticultural Society.

A delegate from Conn. moved to accept an
order which was made of the Hall of the Young
Men's Democratic Association. He had been
in the hall, and could assure the members it
would hold nearly double the number of peo-
ple that the hall held. Several gentlemen
with weak voices spoke there last night and

as much as the Democracy of Cincinnati
that hall showed themselves far more order-
ly than the Democracy do here.

The motion was referred to the Committee of

of his removal is s Support of Buchanan's

Copy of a Letter received by Mr. Carras, our agent at

CLEVELAND, June 3, 1856.

Mr DEAR JULIEN—I hasten, in the interest of Perry, Davis & Son, to state to you, for the use of the medicine called Pain Killer. The first bottle which I purchased speedily relieved me of a severe standing. The second bottle cured me entirely of the Piles. I have since used it in my family for Colds, Coughs, Sore Throat, Croup, Dysentery, Diarrhœa, Cholera, Cholera Morbus, and Cholera Infantum, and in every instance it has proved a speedy and effectual cure. Before trying the Pain Killer, I had tried many other remedies, without success. I would say to all persons afflicted with Piles, that if they have properly tested this remedy, and it will not cure you. Would you be relieved from bilious fever? Three bottles will effect all this. Most decided pain? Two bottles will free you from them. All humors will be eradicated from the blood by the use of from one to six bottles. In short, if you require a physic for any purpose, this is the most reliable, safe, and agreeable that has ever been placed within the reach of the public.

G. W. STONE'S
LIQUID CATHARTIC
—AND—
FAMILY PHYSIC,

The most important discovery ever made in Medical Science, being a compound of Barks and Roots, which forms the most powerful, safe, and agreeable physic ever offered to the public.

THE necessity of such a medicine having been felt both by the intelligent families and physicians in this and various other cathartics given in the form of Pills or Powders must be obvious to every intelligent person. It operates more immediately upon the system, and at the same time is infinitely less difficult to administer, being quite agreeable to the taste. It not only produces all the effects which physic is required, but completely removes habitual costiveness, leaving the bowels perfectly free. It expels all humors from the blood, and is a certain cure for the Piles. Regulates the action of the Liver, frees the stomach from Bile, invigorates the whole Nervous System, and removes the causes of all local pains, such as

Rheumatism, Neuralgia, The Doloureux, Gout, Pain in the Head, Side, Stomach,

It may also be relied upon in all diseases of the Bowels—DYSENTERY, DIARRHŒA, AND CHOLERA MORBUS, yield at once to its magical influence. Again we repeat, TRY IT!—It needs no other recommendation. No family will be without it after they have properly tested its merits. Reader, if you have tried other remedies, without success, this is not—relief is now at hand. Are you suffering from Scrofula, six bottles of my Liquid Cathartic will cure you. Would you be relieved from habitual Costiveness, three bottles will effect all this. Most decided pain? If you are afflicted with Rheumatic, Neuralgic, or Colic pains, two bottles will free you from them. All humors will be eradicated from the blood by the use of from one to six bottles. In short, if you require a physic for any purpose, this is the most reliable, safe, and agreeable that has ever been placed within the reach of the public.

PRICE $1,00.

Important Notice.

GARDNER CHILSON has just completed & patented in America, England, and France, his new invention, the "CONE" FURNACE, and asks the special attention of those about erecting or remodelling buildings, as well as dealers in Hot Air, Steam, or Hot Water Furnaces, and all interested in steam power, to carefully examine this invention, which entirely CHANGES the PRINCIPLE and CHARACTER of HOT AIR FURNACES—*developing another and a new principle*, and obviating all former objections to their use. The practical operation of a number of these Furnaces, erected during the past winter, points out a new discovery in science by which the most wonderful economy in fuel has been attained, and clearly demonstrates that the waste heat lost from chimneys is enough to warm every dwelling in the city. By this invention the heat formerly lost is made to warm the house.

This Discovery—so simple in itself—is the daily wonder of those who witness its results, and it becomes a matter of surprise that a plan at once so simple and practical in its operation, should thus far have entirely escaped the notice of scientific men. We believe that no one who investigates this principle will be liable to use a Furnace constructed on any other principle, and we would invite all who would witness its operation to call at the shops of CHILSON, GOULD & CO.,
Nos. 99 & 100 Blackstone street.

An agent will soon be appointed for the sale of this Furnace in Bangor.

Cheap & Convenient Building. Door, Sash and Blind Factory.

A. DUNBAR

HAS been very successful in completing several contracts for Door Frames, Doors, Window Frames and Sashes, and Blinds for good dwelling houses and other buildings to be erected in this city the coming season He has excellent workmen in his employ, and has superior stock, so that he is now able to supply to those about to build the best articles of Door Frames, Window Frames, Sashes, and Blinds made to any dimensions and of superior quality either for a whole building or for a less quantity. The trouble and expense of building is very much lessened by having these articles made separately, so that the carpenter have only to put them in their place in the structure

This business has now become so well systemized that only a small margin is left in knowing beforehand the cost of a dwelling-house, while the work is of a uniform excellent quality

Any one interested can examine specimens of the work at the factory, near the Rose Place, or at the store of M. S Jackson, on Exchange st, and at either place any article may be obtained or large quantities ordered

Mr Dunbar is also prepared to furnish Window Blinds ready painted, and will hang them at the shortest notice

By long experience, and by determined perseverance, the subscriber is now enabled to suit his customers both in quality and price, and so well organized is the business that no man should now think of building in the old and slow and imperfect methods

HELMBOLD'S GENUINE PREPARATIONS.

HELMBOLD'S HIGHLY CONCENTRATED **Compound Fluid Extract Buchu**

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY *For Diseases of the Bladder, Kidneys Gravel, Dropsy, Weakness Secret Diseases, Obstructions, Female Complaints,* and all Diseases of the Sexual Organs, whether MALE OR FEMALE, from whatever cause they may have originated, *No Matter of How Long Standing*

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very root of the diseases, driving out all the diseased humors of the body, thus removing the cause and rendering the cure *Certain and Permanent*

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of *Merciless Quacks,* if not from premature graves In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing *SAFE CURES*

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOSITION It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine, Reader, if you have any of the above complaints, do not neglect them *Delays are Dangerous*

With this medicine you can cure yourself, and thus prevent all exposure

Truth must and will prevail

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of *Health and Purity*—And as a medicine which must benefit everybody from the simply delicate to the confined and desparing invalid, no equal is to be found it acting both as a *Cure and Preventive* of any of the above ailments

HELMBOLD'S HIGHLY CONCENTRATED **Compound Fluid Extract Sarsaparilla**

—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and imprudence in life, chronic constitutional disease arising from an impure state of the Blood and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed, whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends; Numerous preparations of Sarsaparilla and Bucha, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and, in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations, It is, therefore, of the highest consideration and importance to the public and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantages. To effect this and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Bucha and to discover the most eligible form for their exhibition The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations that can be made Two table spoonsfuls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup of Sarsaparilla or decoction, as usually made

—PRICES—

Fluid Extract Bucha, $1 per bottle, or 6 for $5
" Sarsaparilla, " "

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation Prepared and sold by
